

LFS School Support Systems Scorecard: Individual

Look For...

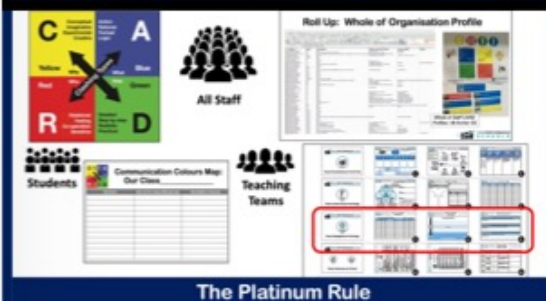

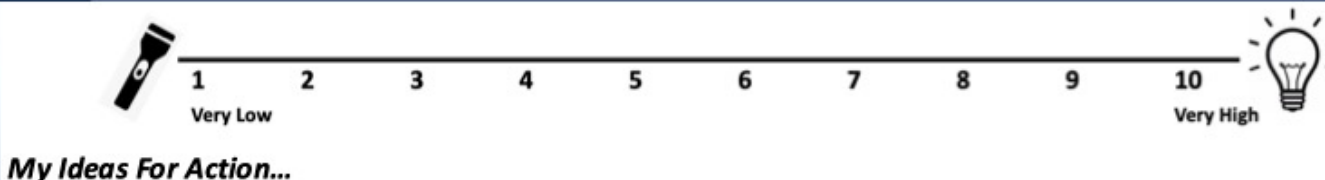

Ratings & Ideas For Action

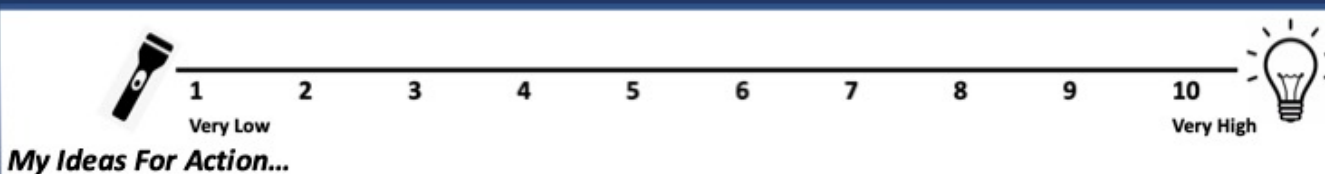

Our students & staff can track their class/team wellbeing in real time, compare with norms AND complete targeted booster activities to maximise wellbeing.

Our school has a clearly defined Collaboration Map and optimised meeting and communication cycle that maximises the effectiveness of staff collaboration.

Every staff member can access information about the communication preferences of their peers AND can match communication to maximise feedback.

Every team has co-constructed their team systems and processes aligned to the wider school AND this is documented and available to everyone 24/7.
