

HPT LEADERSHIP 360

KPI 1
"I feel
clear"

KPI 2
"I feel
confident"

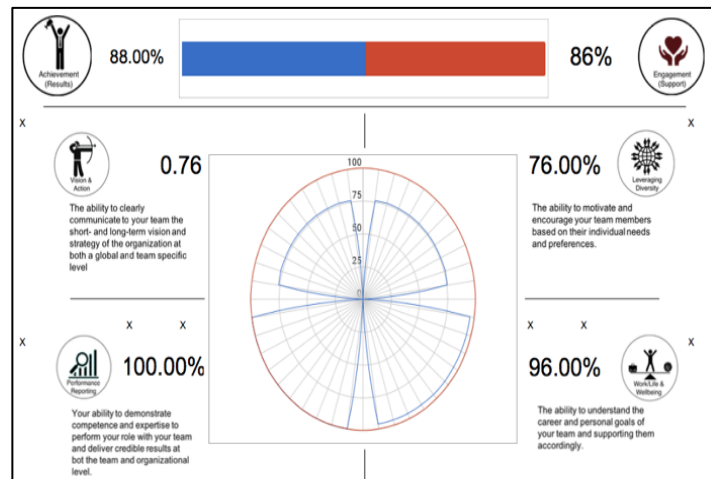

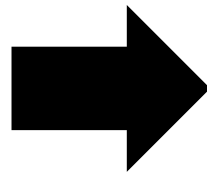

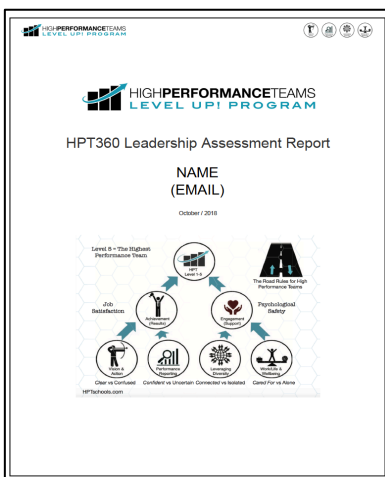

KPI 3
"I feel like
I belong"

KPI 4
"I feel
supported"

The **HPT360 Leadership Assessment** is an online tool designed to assist leaders in gaining greater insight into their supportive and strategic leadership capabilities in order to enable Higher Performance in their Teams.

The **HPT360 Leadership Report** summarises both the leader's self assessment and peer reviewer results to enable leaders to develop an action plan to further grow and develop their leadership capability.

How It Works:

- **Step 1:** Leaders **nominate up to 5 assessors** (This may include peers, managers, and direct reports in order to receive well-rounded feedback).
- **Step 2:** The Leader and their assessors each complete a brief (10-15 minute) 23 item **HPT360 Leadership Assessment** based on their opinion of the Leader's Strategic and Supportive capability.
- **Step 3:** **HPT360 Leadership Assessment** results are debriefed with the support of a HPT Master Coach.
